

## MEDICATION/PRESCRIPTION POLICY

- Your request for non-narcotic medications can be filled by having your pharmacy fax your request to 415 928-1035 between the hours of 9:00am and 4:00pm.
- Please monitor your medications appropriately to allow ample time for refilling your prescriptions. Please note that refill requests received on a Friday may not be authorized until the following Monday.
- Certain medication refills cannot be phoned in. It is required that a prescription is hand carried into the pharmacy. Please allow ample time for the mailing of certain prescriptions and refills.
- We do our best to complete all refills within 48 hours, depending upon the prescribing physician's availability.

It is the policy of all our physicians to provide medication prescriptions/refills for a period of up to ninety (90) days after your surgical procedure. If you feel you require medication after this period, you may need to see a pain management specialist OR request your medication refills from your primary care physician.
